The column "List" refers to birds that have been seen (1, 2) or photographed (3) and placed on lists kept by:

- 1: Hillside Inn & RV Park - <http://www.toledo-bend.com/hillside/>
- 2: Bean's VIP Campground - <http://www.toledo-bend.net/beansvip/>
- 3: Toledo-Bend.Com / Toledo-Bend.US – <http://www.toledo-bend.us>

This list was made to a PDF document file 7/15/2008 and was current at that time. This list also appears on the Toledo-Bend.Com website and the list on the website may be updated to reflect additions to lists or available photographs since this list was made into a PDF file.

While we have painstakingly attempted to be very accurate with the identification of the bird photographs on the Toledo-Bend.US website, there is some probability that a few errors have been made because we are not naturalists or experts and are working only from photographs.
